

STELA Multiplier Event in Turkey

The Multiplier Event of the STELA Project was held in Didim by Didim Zeynep Mehmet Dönmez MTAL on September 29, 2023. ESOL teachers working in Primary, Secondary and High Schools attended the Multiplier Event.

In the first part of the event, STELA project and its intellectual outputs, Storytelling, and Digital Storytelling presentations were made to the participants. "Stela" scenarios and digital storytelling tools were also introduced at the event.

A workshop was organized in the 2nd part of the Multiplier Event. In the workshop, participants practiced scenario creation and the use of digital tools. In addition, teachers from various schools had the opportunity to share their ideas and experiences with each other at the workshop.

At the end of the event, a short survey was conducted for participants to evaluate the event. As a result of the survey, it was seen that 92% of the participants could use the Stela methodology in their lessons and found it very useful.

According to the survey, 87% of the participants think that speaking skills, 78% listening skills, 62% writing skills and 57% reading skills can be improved in students with the Storytelling methodology.

74% of the participants stated that they used Digital storytelling tools for the first time and that they could use them in their lessons.
